You can find an overview of grammar topics covered in different classes on this page. Most of these topics have already been accompanied by worksheets with explanations and exercises. Unfortunately, I cannot guarantee the accuracy of all information provided in the materials. I am currently uploading Doc versions of all sheets so that you can correct or modify them if you find any errors. I also welcome feedback and suggestions for improvement. Language and Grammar Resources: - Relative Clauses: A guide to defining and non-defining clauses, including examples like "Nick, who lives next door," is available for download in PDF and DOCX formats. - Indirect Speech: Learn about using indirect speech for questions and commands, such as "He told me to leave." Additional resources include a PDF and a DOC file. - Review Materials from 10th Grade Onward: Comprehensive overview of all tenses with practice exercises is provided in a downloadable PDF and DOCX format. - Creating Questions in All Tenses: A downloadable PDF and DOCX guide for forming questions in various tenses. - Denying Statements in All Tenses: Resources for denying statements across different time frames are available in PDF and DOCX formats. - False Friends Simple Present Exercise: An exercise to translate simple present tense into other languages is provided in a downloadable PDF and DOCX format. - Infinitives, Gerunds, and Participle Grammar: - Overview of the infinitive form with exercises: Available for download in PDF format. - Guide on gerunds and infinitives: Find resources on this topic in PDF format. - Explanation and exercises on participle forms: Accessible in PDF format. - Common Mistakes to Avoid: Tips and resources to avoid typical errors in various grammatical structures are available soon, but specific links or formats were not provided. - Reported Speech and Indirect Speech Guide: A guide for reported speech is coming soon. Additional resources include materials on Konjunktionen (conjunctions) and Präpositionen (prepositions), both of which will be accessible soon in PDF format.
